

CELEBRATING 25 YEARS!

17th Annual Joint Conference

*Natural Gas: Staying Competitive
in Changing Times*

Panelist Bill Wells
Contracts/JV Administration

CONTRACTS

- *CO&O's*
 - *Legacy need a process to modifying the rules of conduct.*
 - *The functional units are they doing the original service.*
 - *Balance Operator freedom to act, responsibility to obtain approvals.*

CONTRACTS

- *Transportation, Compression and Processing*
 - *PJVA model is working to document the terms.*
 - *Standard fees are becoming obsolete as there is a need to compete for gas, leading to new terms such as fuel limits, and yield targets.*
 - *Burden by facility operators to obtain approval for each situation reduces ability to act and compete.*
- *Area Contacts*
 - *Are producers willing to pool infra structure in area and allow Plant Operator to market ?*

JV ADMINISTRATION

- *Mail Ballots*
 - *Timely response required, being deemed 15 days later is not competitive.*
- *Thirteenth Month Adjustments*
 - *Any answer is better than no answer, no value in waiting for better data.*
- *AFE's*
 - *Challenge new infra structure, is there another option in the area.*

THANK YOU
